

EcoMed® Disposable Curtain Printed Patterns

From solid colour to multicoloured patterns

We have been working with artists from Hong Kong, London and New York to design unique and vivid patterns for our disposable curtains to create a delightble space for not only pediatric wards but also general wards. We hope both patients and staffs feel they are in a beautiful and warm sapce rather than a healthcare environment.

♥ NEW SELECTION FOR 2025 ♥

*The finised printed curtain pattern colours could be slight different from the leaflet.

From left to right:

1 Safari
2 Panda
3 Whale
4 Polka Dots
